Dear

Reference is made to your letter of September 1 in which you requested that the environmental assessment for your off-site road improvements be completed in 90 days.

Every effort will be made to complete this document in the shortest possible time frame. However, due to the controversy connected with the project, a four to six month time frame to produce the document appears more realistic.

In order for our environmental personnel to get a feel for the project prior to the design alternatives being available, a representative from our Environmental Division will attend all future meetings of the CIA Traffic Advisory Committee.

Larry-
 Paul-
 Pam-
